Written by Scott Blair

Thank you from the Police - Success in Javea/Gata de Gorgos.

Good news! The local police are finally able to make it known that 7 individuals have been arrested, 4 of whom have been sent to prison, in relation to over 100 robberies carried out in Javea, Denia, Benitachell, Jesus Pobre, Pedreguer, Gata And Gata Residential.

The 7 individuals are Spanish, Moroccan and British, with 6 of them carrying out the actual robberies and the other one purchasing the loot and selling it on. It is hoped that the items that were recovered can be reunited with their rightful owners asap. The police pass on their thanks and a big pat on the back to all those people who helped in the tracking down and capture of these criminals by reporting suspicious activity and making statements and denuncias. A true example of how the public's participation and collaboration really does help!
